LATHOM NEWS

By Our Own Correspondent

Alan Munro was a guest on Sunday of Jim Lore.

Mr. R.Z. Lore returned from Edmonton where he underwent treatments for a lame back.

Pte. Bill Carr was a guest at the Goulie home on Sunday and also called at the Goulie home in the afternoon.

The Misses Marian and Virginia Morrice spent the week-end with their Grandparents Mr. and Mrs. G. Goudie.

Mr. and Mrs. Munro entertained Mr. and Mrs. Bell, Mrs. Art Mikkelsen and Mr. and Mrs. E. Meritt Sunday for dinner. The evening was pleasantly spent playing bridge and five hundred.

CARD PARTY AND DANCE SUCCESSFUL AFFAIR

The card party and dance in the Cortes Hall was quite a success. The prizes were won by Mr. John Davies and Mrs. W. Bell, and the consolation by J. Wiens and M. Clines. There were several novelty dances which were enjoyed immensely. Music was supplied by the Ferguson Trio and Ed and Lou and Mrs. Laroche. Hope every one turns out well for the Lathom dance on Friday February 18th and the next one in Cortes Hall on Friday-February 25th. These two Communities make a nice crowd and we hope that each will help each other in having a good time in future parties.

BOB HOPE JOINS THE CBC

Later Tuesday How a friend of Bing Crosby's is now doing a show for the CBC (Dominion Television, Tuesdays at 8 p.m. MDT). People call him Bob on the air. Oddly enough he's an Englishman, born in London in 1903, son of Mr. and Mrs. William Henry Hope, who moved to Cleveland Ohio a year or so after Lester was born. Bob left for that time went to public school in Cleveland, and later was employed by a motor company, a newspaper and a boxing promoter. On the side he specialized in tap dancing and wisecracking—the latter involuntarily, he never could help it. Subsequently in a road show, young Hope danced, did a blackface act, sang in a quartet and doubled on the saxophone. With a partner George Byrne, he went into vaudeville, opening in Detroit and moving to Pittsburgh and New York. That was in 1927. That year he landed a small job in a musical show "The Siders of New York" but he gave up tap dancing and branched out as a monologist and comedian at the Stanford Theatre, Chicago. His success there then in Vaudeville, in Roberto (1933), Say When (1934), the Polles, and radio was phenomenal. He starred in his own radio program in 1938 and made his first motion picture "The Big Broadcast" in 1941 and 1942 he was chosen champion of champions in a poll of radio columnists and editors. In 1941 he received a special reward from the Motion Picture Academy. In 1943 he scored second among motion picture stars in a trade magazine.

HUSSAR NEWS

(By Our Correspondent)

Two more names were added to the Honor Roll of Hussar and district when Robert Treacy enlisted in the RCAF, and Robert Arnold joined the Navy. Their names are to be added to the Honor list. On Friday evening January 28 the home of W.A. Treacy was the scene of a surprise party in honor of Robert who was to leave on Monday morning. The guests played bridge or bingo for a time and then after lunch H.B. Stitt in behalf of the community presented Robert with a money belt and in behalf of his friends with a beautiful identification bracelet. Both are among the same home was the scene of a similar party for Robert Arnold who reported for the Navy on Monday. The friends present had an enjoyable time and after lunch Robert was presented with a money belt and a beautiful identification bracelet. Both are among the younger boys to enlist from Hussar.

A large crowd gathered at the home of Mrs. Carl Stibelman on Thursday afternoon for a quilting for the Red Cross. The quilt was finished about 35 new quilt blocks pieced and four shirts finished. A delicious lunch was served by the hostess. Next meeting will be held on Thursday afternoon the 17th, at the home of Mrs. E.J. Bell when another quilt will be finished.

HONOR NEWLYWEDS A LATHOM MONDAY

A hilarious crowd gathered at the Munro home at 8 o'clock Monday evening and four there drove to the tea-dinner where they had can, honked horns and in general made a great deal of noise to the newlyweds. When they finally opened the door it was to a shower of confetti and cheers.

The bride and groom and crowd then went to the Lathom Hall where in short order a dance was started. At lunch time a purse of silver was presented to the young couple from the people of the community and also some lovely gifts from individuals. Mr. Ben Plumer made the presentation after which everyone sang "To them are Jolly Groom Fellows". The bride and the groom made suitable responses. Mrs. Nolan presented each of her pupils with a piece of her wedding cake, and then everyone present was asked to sign the Bride book. Everybody wishes the young couple the best and hope that Mr. Nolan will be back soon from overseas where he has been posted. He is a member of the Royal Australian Airforce.

Red Cross Notes

The following articles have been shipped to the Alberta Division of the Red Cross in Calgary: 8 large quilts, 2 small quilts, 40 pairs of socks, 15 nightgowns, 1 pair of socks, 1 pair of seaman's socks, 3 turtle-neck sweaters, 6 V-necked sweaters, 2 pair of mitts, 3 girls' sweaters, 3 baby jackets, 3 baby bonnets, 1 pair of baby socks, 3 girls' dresses and 200 T bandages. 15 articles were shipped to the Superfund Ship.

This makes a total of 425. This includes nice shipments that were received from Dorothy and Makepeace.

We have received a bulletin from Mrs. E.G. Mason, Hon. Provincial Chairman of Women's Work Committee in Calgary. Part of it is as follows:

ON A.I. WOMEN'S WORK COMMITTEES

We are facing another year of War and the demands made on the Red Cross across Canada are becoming more and more acute. Your division must do its share.

Vast numbers of Hospital supplies and Knitted comforts are needed overseas and in Canada, as well as clothing for civilian victims of war.

We are asking all our branches to make up those things asked for, and in correct numbers, all properly labeled and always tied in five or ten.

In conclusion we wish to tell you that the Alberta Division of the Canadian Red Cross Society has received many letters from overseas expressing the grateful thanks to the Women of Alberta from those who are in the line of duty.

Your kind! Comforts and your Hospital supplies have also been greatly appreciated by the men and women of the Services.

Let us keep up the good work. Our best wishes to you one and all for the year 1944 and our sincere thanks for your splendid efforts.

We also quote from a letter that we received from Mrs. E.F. McEachern, Chairman National Women's War Work Committee, Toronto:

The urgent need for sweaters cannot be stressed too strongly. The recently received list of estimated requirements from England alone is frightening in its size. Sweaters must be laid on, turtle-neck sweaters for the Navy and Airforce and after that, on long sleeved sweaters of all types for the Services.

Whether you are making or purchasing sweaters to meet the orders is not

MAKEPEACE DANCE YIELDS \$55.00 FOR THE RED CROSS

The Dance at Makepeace was not up to expectations as to the crowd attending. At the present time the exact figures are not known but it is in the neighborhood of \$55.00 that was turned over to the Secretary of the Red Cross.

The quilt was won by Mrs. G. Walker, who recently moved to Merritt B.C. The quilt was sewn by Mrs. Frank Walker, so that it was quite fitting that Mrs. Gordon Walker should win it.

yet known. But we do know this that the vast majority of sweaters will have to be made of Wheeling. It is utterly impossible to secure Scotch Fingering or Special Service Wool in sufficient quantities to make more than a small fraction of the number we need. Socks too will have to be made largely of the light-weight Wheeling. We know that many people do not like to knit with Wheeling wool. We know that some even refuse to take it. We believe however that our Canadian Women will rise to the challenge.

Red Cross Appeals For \$10,000,000

The Canadian Red Cross will make a national appeal for funds for \$10,000,000 in voluntary contributions throughout Canada starting on February 28th.

In previous appeals the people of Canada have more than supported the cause and be generous response of the Canadian people in the last appeal showed their spontaneousness and understanding of the Red Cross work.

The R. C. Cross is an international organization and under the Conventions of Geneva is required to obtain its support by voluntary subscription to preserve its rights, privileges and immunities guaranteed under International Law.

The national appeal in March was planned with the fullest cooperation of the Dominion Government to avoid disruption of plans of the National War Finance Committee. And to the American Red Cross is making its national appeal during the same month.

The largest work facing the Red Cross during the current year is to supply parcels for Canadian, British and Empire prisoners of war in Europe and the Far East. The Society now has five packing plants in Canada with a weekly production of 100,000 parcels. Of this amount the Canadian Red Cross donates 30,000 weekly for prisoners in Europe and the remainder being paid for by the British and Australian Red Cross Societies. Provision also has been made for food, drugs and other supplies for prisoners in the Far East. These two objectives alone will require about \$5,500,000 during 1944.

The work of the Canadian Red Cross has never been greater and the need has never been greater. This year, it is hoped, will be Victory Year but the work of the Red Cross does not end with the cessation of hostilities—it continues wherever there is human suffering.

Mid Week Thought FOR BUSY PEOPLE

MANY PROFESSING BELIEVERS
NEVER BORN AGAIN

Our Lord said, "Except a man be born from above he cannot see the Kingdom of God." It was hard for Nicodemus to understand Jesus; but He assured him that the Father had not sent His Son into the world to condemn the world but that the world through Him might be saved. This man thought that regeneration was something that belonged to the natural; but Jesus showed him that it was a supernatural birth. It is not brought about by water baptism as many have supposed. Many sinners have been baptized and have remained sinners. It is not brought about by external reformation. Many have gone to altars and been baptized and gone on endeavouring to reform; but sooner or later prove that they have not the new birth. Possession and knowing correct doctrines and creeds does not bring one into possession of the new birth. Knowing all the creeds does not necessarily bring about that change within. Public testimony in itself does not produce it. Many are honest and full of good works and yet strangers to the new birth. Even making a profession of religion and being elected to prominent office in the church does not effect the new birth, for many know that some of the most cruel exhumations in history are put on by those who make the greatest profession.

What is the New Birth? It is a spiritual birth. As by the natural birth we become partakers of that which is natural, so by the spiritual we become partakers of that which is Divine. As by the first birth we are introduced into that which is natural, so by the second birth we are introduced into the spiritual realm.

By the natural birth we possess all the faculties of the natural, so by the spiritual birth we come in-

to possession of all the essential faculties and parts of the spiritual man. As by the natural we pass into great astounding changes, so by the supernatural we experience that marvelous spiritual transformation which can only be understood when experienced.

Some characteristics of this change, it is a spiritual change, it is divine. God alone can bring about such a transformation. Christ through His suffering and death made such a change possible. The Holy Spirit operating in the being effects it. It is sudden; it is instantaneous. There may be a preparatory process. There are conditions which must be met but when these conditions are met the transformation is marvellous, miraculous and divine. It is an entire change. "Old things pass away; all things become new." Affections, passions, desires are changed from carnal to spiritual. The effects are visible to all. The world sees it and wonders. Even the desperately wicked marvel at what has happened as men drop their tobacco, beer, language, temper, etc.

It is the great business of the church to lift up Christ that men may be born again. Reader, are you a new-born Christian? If not you can not see the Kingdom of heaven.

NATIONAL SERVICE

Complete Utilization of Canada's Manpower and Womanpower is Essential to Victory

National Selective Service Civilian Regulations aim at complete utilization of manpower and womanpower. Workers and employers are urged to assist the war effort by carrying them out. All civilian regulations have been consolidated and revised, main features now being as follows:—

COVERAGE

Employees: Regulations cover periods of either six months to 64 years old, except provincial employees; armed services; and those in fishing, fish processing, hunting, trapping, clerical, nursing, school teachers, domestic servants, students working after school; employees in respect of part-time employment; and any one employed for 3 days or less in a calendar week. Agricultural workers are covered by special provisions, not by the general provisions as also are "technical personnel."

Employers: Any person, firm or other employers, with one or more "covered" employees.

EMPLOYERS MUST—

- Inform from discussing employment with a prospective employee unless under permit;
- notify the nearest employment office of additional employees needed;
- secure permission from an employment office to advertise for workers;
- notify the employment office of intention to discharge or lay off employees, or to retain employees when not required;
- give employees 7 days' notice unless a Selective Service Officer permits a reduction, or unless in the building construction industry; (7 days' notice is not required unless an employee has already been employed for one month, or after fire, explosion or other calamity, or on termination of work by weather. Whether preceded by 7 days' notice or not, separation from employment requires written notice).

EMPLOYEES MUST—

- Register for work at the nearest employment office if out of work 7 days (full-time students, housewives and clergy are not included);
- secure permit from a Selective Service Officer if going to look for work; (c) refrain from advertising for a job unless Selective Service Officer approves;
- give 7 days' notice if wishing to quit a job, unless authorized by Selective Service Officer to give less notice.

The foregoing is not an exact or complete reproduction of National Selective Service Civilian Regulations. For information or rulings apply to nearest Employment and Selective Service Office.

This Weeks Poem

BOYS

Did you ever study the boys of this town?
Is something worth while you know
To watch them, daily at work and play
As up-to-the-minute they grow.

Oh, the boys of today are tomorrow's men!
What kind of men will they be?
Just study the throng as the journey along,
Boys—happy and young and carefree.

Does your boy bring his chums on his way from school?
Do you study the boys when they come?
Do you ever advise when you cannot approve
Of the road they are anxious to roam?

It has often been said of a certain young lad
Just the average lad of a town.
"He is growing to be, oh so much like his Dad,
He will be his double when grown."

Oh Dad, is your life a pattern for him,
That kiddie who betters your name?
Dare he follow your foot-steps along the road,
Or will he have reason for shame?

Will he fall in the traps you have laid for him,
If he walks where you have trod?
Or travel the straight and narrow way
That leads him home to God?

There are wonderful boys in this little home town,
They are watching the men for a cue;
They are easily led but they need a good guide,
Dad, see that good guide is you!

Oh, the boys of today are tomorrow's men.
What kind of men will they be?
These boys who are stepping out into life
And copying you and me.

Oh! may we follow steadfastly
In the steps the Master trod,
And guide the boys of this little town
Up the road that leads to God.

A Recipe For Today

SPICY OAT-RABBIT PUDDING

1 cup of all purpose flour
1/2 cup of sugar
1/2 teaspoon of salt
1 teaspoon of baking powder
1 teaspoon of cinnamon
1 cup of quick-cooking rolled oats
1/2 cup of raisins
1 cup sour milk or buttermilk
3 teaspoons of mild-flavored fat
1 teaspoon of vanilla

Mix and sift flour, sugar salt and soda and cinnamon. Add rolled oats and raisins. Add the melted fat to the sour milk or buttermilk and add to the dry ingredients. Pour into a well greased pudding dish, cover closely and steam for 1 hour and 15 minutes. Serve with sauce.

Peanut Butter To Be Increased

Due to arrangements which have been made for the purchase by Canada of part of the Algerian crop of peanuts, it is fully expected that the production of peanut butter this year will be considerably in advance of that which has recently prevailed.

Depending on when and if the peanuts reach this country their conversion into a palatable and nutritious peanut butter will add materially to the national supply of a speed which has been a stranger to the shelves of many merchants and to the tables of thousands of consumers or a good many of them.

MORE ABOUT—

RED CROSS

(continued from Page One)

to the occasion if those in charge will take the trouble and time to make them realize that in view of the enormous demands and the short supply of wool, it has reached a point where they will have to knit with Wheeling or take the responsibility of knowing that some of our men in the services will go without sweaters and socks.

Some of our knitters will say, "I would rather get my own wool and knit you a sweater." This is no solution. The wool available in shops is for the people who want to knit for their own men in the services. The Red Cross must meet its demands from the wool assigned to our Society, most of which is Wheeling, simply because it is in the largest supply.

Fortunately some of the Wheeling especially in the Navy Blue is very good and can be used to knit a whole turtle neck sweater. Some is to harsh for the neck. In this case the neck must be made of the Special Service or Scotch Fingering. We shall bear this in mind in the allocation of the wool. Hold enough of Special Service or Scotch Fingering from other articles for this purpose.

We have therefore to urge you again to push turtle-neck sweaters to the utmost. Get out as quickly as possible all the wool you have on hand for this purpose. Suggest that two or three women collaborate in the making of a sweater, thereby speeding production. Have women who do not knit canvass their friends and try to find some one who will take out wool and knit it into sweaters.

This has all been said before but we shall have to repeat it over and over.

WANTED— Cheap fire extinguishers; from the comments of my customers we might as well put out what fire we have in our stove.

NOTE AND COMMENT

Thursdays have become famous in aspect to coupon packin' manna.

A women shopper stopped at the meat market the other day and much to her surprise found the counter piled high with lovely steaks and roasts. Derwood the butcher told her she could have all she wanted.

Please give me a twenty pound beef, and please deliver it as read.
But I can't resist the butcher. But demurred the housewife I just saw your delivery wagon outside.
Sure you did sight the butcher, we still have the wagon but you just bought part of the horse.
